### **Chairman's Update**

Dave commented that unfortunately attendance at the COBOC club nights had generally been low, however there is clearly many more people attend when an actual night event is organised. He therefore proposed that we plan on holding a night event once a month but to continue with coaching sessions on the other Wed evenings. The last club night of 2011 will be 7/12/11. They will recommence on 11/1/11.

Dave will be providing after school taster sessions at Moor Hall, Town, New Oscott and St Joseph's funded by Sutton Municipal Charities next term. He is also using these funds to restore the missing posts and symbols of the permanent O course in Sutton Park. It is hoped that there will be a launch of the new permanent course around Easter.
